

## EHR Integration

Access data uploaded by users to the Keto-Mojo Classic App and import it into your app, EHR or other platform.

## Healthcare Professionals

Use the data in your practice or clinic to remotely monitor and diagnose your patients or clients.

## Aggregate Data

Draw on usage statistics so you can analyze patient history and discover trends.

## User Consent

Each user has to explicitly consent to sharing their Keto-Mojo Classic App data with each platform.

## HIPAA Compliant

Data stored on MyMojoHealth is HIPAA compliant and follows GDPR regulations.

Integrate directly into our MyMojoHealth platform using our state-of-the-art telemedicine API cloud platform.
